Figure 1: Schematic representation of the experimental design. The figure is divided into two main sections: 'Pretest' and 'Main Experiment'. The 'Pretest' section includes a 'Pretest 1' (N=10) and a 'Pretest 2' (N=10). The 'Main Experiment' section includes a 'Main Experiment 1' (N=20) and a 'Main Experiment 2' (N=20). Each section shows a sequence of steps: 'Introduction', 'Practice', 'Test', 'Feedback', and 'Debrief'. The 'Pretest' section also includes a 'Pretest 1' and 'Pretest 2' step. The 'Main Experiment' section includes a 'Main Experiment 1' and 'Main Experiment 2' step. The 'Main Experiment 1' and 'Main Experiment 2' steps are further divided into 'Pretest' and 'Main Experiment' sub-steps. The 'Pretest' sub-steps include 'Pretest 1' and 'Pretest 2' steps. The 'Main Experiment' sub-steps include 'Main Experiment 1' and 'Main Experiment 2' steps. The 'Main Experiment 1' and 'Main Experiment 2' steps are further divided into 'Pretest' and 'Main Experiment' sub-steps. The 'Pretest' sub-steps include 'Pretest 1' and 'Pretest 2' steps. The 'Main Experiment' sub-steps include 'Main Experiment 1' and 'Main Experiment 2' steps.
